

Versatile T3 ONE70 table acts as the perfect office essential

T3 Ping Pong lovers can now mix business with pleasure with T3's revolutionary circular ping pong table which doubles up as an ideal board room table. After a hard day in the office, make the quick transition from work to play by swapping your papers and pens for T3 bats and unwind with a game of 3-a-side ping pong!

The T3 ONE70, a heavy duty indoor ping pong table that allows up to six players to get around the table at a time is available to purchase in two heights. By removing the solid net, the table can be used as one unit or separated as two semi-circular tables to fulfil your team building, events and party needs.

This summer will also see the launch of the T3 All weather concrete table which will be installed at Parliament Hill, Hampstead Heath featuring at the Give it a Go Festival on 20th July. It would appear that there is a T3 table to fulfil everyone's needs!
